

RCA Model: RTD317 DVD/Home Theater System

Wiring Instruction Sheet for BSRTD317 / Bedroom Speaker Switch

- Wiring must be done correctly to prevent damage to the system.
- Connect to Front Outputs of RTD317 Home Theater System.
- Splice connections to existing speaker wires are indicated on diagram.

Note: Listening to Bedroom speakers when system is in Stereo Mode, (i.e. Radio, CD, AUX Inputs) will provide full sound. When System is in Surround Mode, a good portion of the sound (vocals) comes through the Center Speaker.
