

INTRODUCING THE NEW SMART-LEVEL

The industry's new standard.
Changing the way leveling is done.
Smart-Level allows you to level your coach with your smart phone by using built in Bluetooth capability. The automatic, one touch operation levels your vehicle in less than two minutes.

This is the same quality leveling system used by top manufacturers in the RV industry and is now available in installation friendly kits.

SYSTEM ADVANTAGES

- One pump operates all legs and can be mounted virtually anywhere
- Bluetooth capability
- One touch, push button Auto-Level operation
- Field adjustable null ensures leveling to operator established level position
- Audible and visual prompts notify user when leveling is in progress and complete
- Audible and visual prompts warn of "drive-off" situations on motorized vehicles
- Stow legs quickly and easily with auto All Retract
- Variety of manual override options are available
- 12 or 24 volt systems
- Level accuracy to within 1/2 degree

Compatible with iPhone, Android, and ASA Electronics iN-Command®Control System. To download the app open up the Android or Apple app store and type in **EQ Smart Level**. Download the app and make sure your Bluetooth setting is turned on or the app will not connect to your coach. Once the app is downloaded please follow the instructions to level your coach.

Equalizer Systems is a manufacturer of electric and hydraulic power lifting and leveling systems. We are dedicated to customer satisfaction in the selection, installation and service of our systems. Call Equalizer Systems at **1-800-846-9659** for assistance determining which system is right for your needs.

	STRAIGHT LEG

Class A and Class C Motorhome System

SL 11, 13 & 15 Series

Designed for use on Class C and some Class A Motorhomes.

SL 16, 18 & 24 Series

The taller design offers more stroke and lifting capacity for larger diesel motorhomes and fifth wheels.

Standard leg mount brackets

Heavy duty leg mount bracket

Leg mount brackets for E450 & E350 Ford Chassis

Universal pump mount bracket

Fifth Wheel System

This system has the same auto leveling advantages as our motorhome systems. It also features independent operation of both front legs for hooking and unhooking from your tow vehicle. Also available with square legs for the front landing gear. Comes in 4 or 6 point configuration.
