

■ It's Time for the Intelligence of the

Bauer NE

The *BAUER NE* is an intelligent Keyless Entry System which gives your clients security and convenience, while creating another opportunity for revenue for your business.

The *BAUER NE* is the first self-contained electronic RV latch with Capacitive Touch Technology. The touch pad is integral with the latch and controls the deadbolt making it convenient to install and operate. It is powered by 4 AA batteries.

The *BAUER NE* is retrofitable in RV entry doors and is easy to install.

The *BAUER NE* is family friendly and completely programmable with a 4 digit PIN number. The large buttons are easy to see, and proximity sensing will light them for easy entry at night. Family members can do separate activities without having to worry about keys!

The *BAUER NE* possesses the intelligence to know the position of the deadbolt and indicates low battery strength, as well as providing audible feedback to successful locking and unlocking functions.

BAUER NE takes entry to your RV to the Next Level!!!
