

SolarFlex Factory Installed Dragonfly Battery Storage Guide

Here is an easy to follow step-by-step guide on storing the Lithium batteries on your stock Keystone unit with the SolarFlex system. There is no need to remove the batteries and store them inside.

1. Make sure the batteries are fully charged to 100%.
2. Turn OFF the battery heat circuit.

3. Turn OFF the Giggy Box battery disconnect

4. If equipped with an inverter turn its disconnect switch to OFF
